PROFESSIONAL SUMMARY

Frontend Engineer with 2+ years of experience building responsive, scalable web applications using React.js, JavaScript, PHP, and REST APIs. Experienced in developing reusable UI components, integrating third-party APIs, and building user-focused interfaces for production environments. Passionate about modern frontend architecture, performance optimization, and delivering intuitive digital experiences.

EXPERIENCE

Frontend Developer

May 2024 – Present

Aero Flight Technology Group

Delhi, India

- Designed and implemented production-ready frontend modules using React.js and JavaScript for travel booking applications.
- Integrated third-party travel APIs including Kayak and Revelex to support real-time flight search and booking workflows.
- Designed reusable React components that improved UI consistency and simplified future feature development.
- Collaborated on frontend and backend development by integrating REST APIs and working with MongoDB for production features.
- Maintained source code using Git and GitHub through feature-based development workflows.

Web Developer

Jan. 2023 – Jun. 2023

KMSG Tech Pvt. Ltd.

Delhi, India

- Developed responsive web interfaces using HTML5, CSS3, JavaScript, Bootstrap, and PHP.
- Integrated third-party REST APIs to extend application functionality and improve data communication between frontend and backend systems.
- Performed deployment and server management using FileZilla and PuTTY.
- Collaborated with team members using Git and GitHub for version control and code management.

PROJECTS

Arcanumspace | *React.js, JavaScript, Tailwind CSS, Three.js, React Three Fiber*

[Live Demo](#)

- Developed the frontend of a modern drone technology platform featuring an immersive user experience with interactive 3D drone visualization and responsive layouts.
- Built reusable React components to create scalable, maintainable, and responsive user interfaces.
- Integrated interactive 3D drone models using React Three Fiber and Three.js to enhance user engagement.
- Optimized application performance and responsiveness across desktop, tablet, and mobile devices.
- Designed a scalable frontend architecture to support future backend integration and product expansion.

FirstJobIndia(Job Portal) | *React.js, Zustand, Tailwind css, Nodejs, MariaDB*

[GitHub](#)

- Built a full-featured recruitment platform supporting secure authentication, job discovery, profile management, and application tracking.
- Implemented Google OAuth and GitHub OAuth authentication for secure user login.
- Built dynamic job filtering, user profile management, and application tracking features.
- Managed application state using Zustand and integrated REST APIs for seamless data communication.
- Designed responsive layouts to provide a consistent user experience across devices.

Flight Reservation Management System | *PHP, HTML5, CSS3, Bootstrap, JavaScript, AJAX, MongoDB*

- Developed a flight management system for handling airline reservation workflows and real-time flight information.
- Integrated multiple flight APIs to process booking information and automate reservation operations.
- Implemented Passive Segment functionality along with confirmation number and ticket number generation.
- Generated dynamic airline ticket templates using Twig for personalized booking documents.
- Utilized AJAX to improve user experience through asynchronous communication without page reloads.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3, PHP

Frontend: React.js, Redux, Zustand, Bootstrap 5, Tailwind CSS, Material UI (MUI), Styled Components, shadcn/ui, Aceternity UI, jQuery

Backend: Node.js (Basic), PHP

Databases: MongoDB, MySQL, MariaDB

APIs & Authentication: REST APIs, Axios, AJAX, Google OAuth, GitHub OAuth

Developer Tools: Git, GitHub, VS Code, Postman, FileZilla, PuTTY

Other Technologies: Three.js, React Three Fiber, Responsive Design, Git Version Control

EDUCATION

Indira Gandhi University

Master of Computer Science (M.C.S.)

Rewari, Haryana

Jul. 2021 – Jul. 2023

Ahir College

Bachelor of Science (PCM)

Rewari, Haryana

Jul. 2017 – Jul. 2020
